NEW AT THE RESTORE
SPOTTING A STUNNER!

We always invite you to discover something new (and used) every day in the Habitat ReStores. That's why we're spotlighting this absolute showstopper ($326). See this remarkably refined 75" wide, 84" tall 2-piece antique china cabinet with beveled glass doors now at the Washington County ReStore - until someone with exquisite taste makes it their own. It's a statement piece after all: I support affordable housing. I support Habitat.
Raytonia McIntyre: Pushing forward

Shoppers at the Washington County ReStore have come to know Raytonia McIntyre—and often ask for her by name. She takes pleasure in helping others - it’s one of the great joys of her life.

But she describes herself as having an old soul, one that is often weighed down by deep sadness, but not hopelessness. No, not by a long shot. Meet Raytonia McIntyre, our new floor supervisor.

Thompson Tile & Stone
50 pallets to peruse

Thanks so much to Thompson Tile and Stone for their very generous donation of over 50 pallets of stone and assorted tile products. From standard sizes and shapes to decorative pieces, there are tons of various styles to choose from at all our locations, thanks to Thompson.

Look for this great product in all four of our stores during the month of August.
**IRN: Committed to Community**

This month's IRN donation consisted of some beautiful cushioned chairs, several brown and red leather couches, over 150 cool metal employee lockers and lots of fun retro chairs and stools.

“We are very happy to be working with Habitat for Humanity Restores in the Portland area. Habitat ReStores have been a great resource for us as our rate of furniture shipments continues to grow. It’s a great relationship because both organizations share a commitment to community and environment, facilitated through reuse.” Dana Draper, IRN COO

**Pam Israel in Guatemala**

**Couldn't, shouldn't...did**

No birth certificate, no passport - but when Pam Israel was offered to take up a vacated slot on a Evergreen Habitat Global Village trip to Guatemala, she jumped!

It was a coincidence that only two days prior to the offer, Pam had been thinking she needed to do something, to step out of her comfort zone.

"I don't want to get to the end of my life and go, 'Woulda. Couldn't. Shoulda,'" Pam said. "I need to do something. I need to go somewhere."
