

Advancing the Art of Living.

August 14, 2020

Dear Family Member,

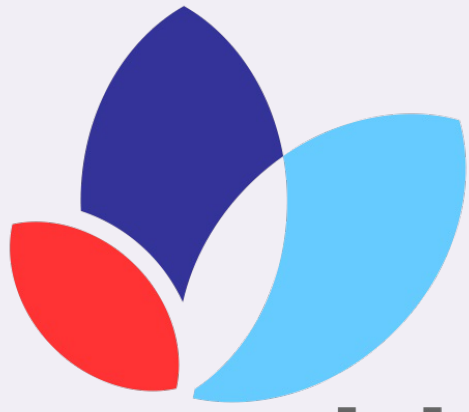

We are sorry to send you a late Friday afternoon letter but we are committed to remaining transparent with information relating to our battle against COVID-19. In our latest round of universal testing, we had one elder's test return a positive result. This elder had eight previous rounds of testing, all of which were negative. This elder resides at the Jewish Home at Rockleigh. As our protocol specifies, that elder will be moved to a cohort area for 14 days. The individual will be retested within 3 to 14 days following the first test and, if that test result is negative, an additional retest will be performed. The individual is completely asymptomatic and we do not believe there is any cause for concern but we continue to follow our procedures to the letter.

As always, we are maintaining our vigilance around staff education, infection control and cleaning and sanitizing. We continue to remind our staff to practice caution in their personal lives and urge you to do the same. Hand washing, social distancing and wearing facemasks are important to safeguard all of our health.

Feel free to reach out if you have any questions.
