October 28, 2020

Dear Family Member,

We know that none of you want to see a second letter from us this week and we truly wish it was not necessary to write one. We have had two additional staff members test positive, one at the Jewish Home at Rockleigh and one at Jewish Home Assisted Living. We have also had one consultant who provides services at the Jewish Home at Rockleigh who tested positive. All of the elders who were in contact with these individuals have been notified as have their families. All of the elders have also been tested and full contact tracing is underway. Based on our protocol, each of these individuals has had an additional test and the results are pending.

We have completed testing of all of the elders on both campuses for this week and are in process with the testing of our staff. As always we will keep you informed should we receive any additional positive results.

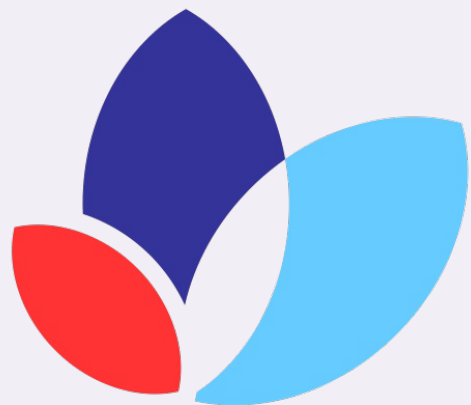

As you know, the numbers of those infected with the COVID-19 virus continue to grow both in our area and around the country. We believe strongly that vigilance is the key with infection control, handwashing, PPE and cleaning and sanitizing. We remind our staff of the importance of caution in their own lives and we take this opportunity to remind you as well. Social distancing, face masks and thorough handwashing all matter and we cannot stress that enough.

Feel free to reach out with any questions.

Be well,

**Carol Silver Elliott**  
President and CEO  
The Jewish Home Family
