It's almost winter break...finish the semester strong and get ready for a great spring 2019!

It's the start of the holiday season and you're likely going to be spending time with your family. Have you determined what to tell them when they ask: "How are your classes going?"; "What are you going to do with a KIN major?"; or "How are you preparing for your future?" Check out the Home for the Holidays Survival Guide brought to you by the MSU Career Services Network to think about ways to best answer these questions without feeling overwhelmed.

Career Advising Updates
As a reminder, your college career advisor, Pepa, will be on maternity leave soon and won't be returning until the end of February.

In her absence, make an appointment on Handshake with a **College of Education Career Peer** or an **All-Majors Career Advisor**. Limited appointment times will be offered over winter break.

KINternship Site Approval
If you still need your site approved for a spring or summer KINternship to complete your degree, you should contact the internship coordinator, Keri Morrison, to start the process!

The Pre-Internship Orientation Module is on D2L. Additional information, including a list of already approved sites, can be found on the KIN web site (link below).

IMPORTANT REMINDER
Students who reach junior standing (56 credits) must commit to a degree-granting major. Any student who will hit 56 credits at the end of this semester but HAS NOT completed the five-course science core MUST switch to another major until all admission requirements have been successfully completed with a minimum 2.0 grade. The Registrar will drop SS19 classes from the schedules of students who do not comply with this requirement by the end of the fall semester.

If you have questions about switching your major, contact an academic advisor.

Looking for a KIN Course for Spring?
KIN 443 (Psychophysiological Aspects of Kinesiology) will be offered on T/Th from 5-6:20 PM this spring. This course is a requirement for two KIN cognates and is a great elective that focuses on the relationship between the psychology and physiology of exercise and physical activity!

KIN 108W (Wheelchair Sports) is a one-credit elective for any KIN student. Taught in
